- ⚙️ PZ1 - PZ2 - PZ3
- ⚙️ PH1 - PH2 - PH3
- ⚙️ T10 - T15 - 2x T20 - T25 - T30 - T40
- ⚙️ 4.5 - 5.5

Full steel mini bit ratchet

integrated magnet

length: 85 mm

for hard-to-reach places

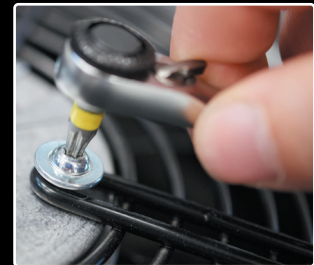

- Fine-toothed mechanism with 60 teeth, 6° return angle
- Use without leverage through the rotary wheel, making it suitable for particularly tight spaces
- Integrated magnet for inserting and holding bits
- Quick and easy switching for clockwise and counter-clockwise rotation with attached lever
- Low profile to reach hard-to-access places

Application options

- 1 | With a bit
- 2 | With a bit adapter for a socket nut
- 3 | With a bit adapter for a socket nut and socket wrench attachment
- 4 | With a magnetic bit holder and bit

Magnetic bit holder, 58 mm

integrated magnet

- Bit holder for inserting 6.3 mm (1/4") bits into power screwdrivers or as an extension for the mini bit ratchet or 2-component screwdriver bit holder

33-PART TOOL SET – EVERYTHING CLOSE TO HAND

1/4" (6.3 mm) socket wrench attachments "Multi-tooth"

universally usable

- Universally usable profile for hex, double hex, E-profile, and conditionally for inch and metric screws
- High-quality chrome-vanadium steel
- Finished with a resilient nickel-chrome coating
- Sizes: 6 - 7 - 8 - 9 - 10 - 11 - 12 - 13 mm

Application with a 2-component screwdriver handle or a mini bit ratchet, see previous page.

Water pump pliers mini, 125 mm

minimal size with maximum performance

VDE 2-K voltage tester

- Tested acc. to DIN EN 60500:2004 – protected up to 1000 V
- Thickness x width: 1.2 x 6.5 mm
- Blade: 150 mm
- Handle: 110 mm
- With clip attachment

- As much power as a large one: compact, sturdy & finely adjustable
- Made of high-quality chrome-vanadium steel
- Extremely easy to handle and compact
- Ideal for working in tight and hard-to-reach places
- Fine adjustment at the push of a button, can be adjusted with just one hand
- Adjustment levels: 10
- Span width adjustable up to 21 mm = M14

Plastic folding ruler

length: 1 m

- Length: 1 m, EC type approval, accuracy class III
- White, fibre glass reinforced plastic folding ruler made of ABS
- Scale with black, permanent deep stamping
- Riveted articulated springs made of strong plastic that also clicks into position in a 90° angle
- Extremely flexible
- Link thickness: 2.3 mm

2-K bottle opener

- With non-slip 2-K screwdriver handle
- Best ergonomics and power transmission on the bottle
- Matte chrome-plated blade
